DRIFIRE® FR HI-VIS BROCHURE

DRIFIRE®

THE IMPORTANCE OF FR HI-VIS APPAREL

High-visibility garments play a crucial role in ensuring workers are seen, particularly in low-light or dark environments.

Construction and roadway workers, who are at a significantly higher risk of accidents and potentially fatal injuries in these job sites, depend on this protective gear for safety. To reduce these risks, it is vital that workers wear the appropriate apparel. As per OSHA regulations, all employees working in road and highway construction zones are required to wear high-visibility clothing. Moreover, all hi-vis garments must meet ANSI/ISEA 107 standards. These standards classify garments based on their suitability for specific conditions, with each garment receiving a class rating that determines its level of visibility.

TABLE OF CONTENTS:

Class 2	pg 5 – 7
Class 3	pg 8 – 15
Women's	pg 11
Accessories	pg 16
Rainwear	pg 17 – 19

THE IMPORTANCE OF FR HI-VIS APPAREL

DRIFIRE® offers a range of Class 2, Class 3, and Class E safety options to ensure that workers have the right gear for every situation.

CLASS 2

Class 2 garments are recommended for environments with moderate traffic and some exposure to machinery. These garments are typically identified by one row of reflective trim on the chest and arms/shoulders. They also notably do not require having sleeves, so oftentimes a hi-vis vest will fit into this class rating.

CLASS 3

Class 3 garments are required for high-traffic areas, dark environments, or adverse weather conditions. These garments are distinguished by their mandatory sleeves and reflective trim: two rows of trim placed on the sleeves and/or shoulder or across the chest, with an additional row of trim where there is not two.

CLASS E

Class E garments are considered to be a supplemental class. When worn on their own, they do not meet the requirements of any ANSI class. However, when paired with an ANSI Class 2 garment, it will elevate the ensemble to meet Class 3 standards, enhancing visibility and safety in hazardous environments. Garments such as bib overalls and leg gaiters will often fit into this class.

BUILDING A COMPREHENSIVE FR PPE SOLUTION

PROPER LAYERING FOR FR HI-VIS PPE

DRIFIRE® FR CONTROL™ HI-VIS SHORT SLEEVE T-SHIRT

BSTJTRC2

FEATURES & BENEFITS:

- FR 3M™ Scotchlite™ Reflective Comfort Trim provides enhanced visibility while not adding additional weight or discomfort to the garment
- Phase change technology helps to proactively regulate skin temperature (+/- 3 degrees)
- Lightweight, breathable fabric helps maintain comfortability regardless the condition being worked in
- 4-way stretch fabric increases mobility and recovery to allow for unrestricted movement

SIZING: SM-3X, RG | MD-3X, TL
ARC RATING: 4 cal/cm² | CAT 1 **MATERIAL:** 5.5 oz. FR CONTROL 2.0™
COMPLIANCE: NFPA 70E, ANSI/ISEA 107 Type R Class 2, ASTM F1506, CSA Z462, OSHA 1910.269

DRIFIRE® FR HI-VIS CLASS 2 VESTS

DRIFIRE® FR HI-VIS MESH ZIP FRONT CLASS 2 VEST

V00HA2Z

FEATURES & BENEFITS:

- Crafted from lightweight, breathable mesh fabric to keep the wearer cool and comfortable on the job
- FR 3M™ Scotchlite™ Reflective Comfort Trim enhances visibility in low-light environments
- Interior chest pocket provides a secure additional storage option
- Front zipper closure for a quick on/off and helps keep the garment in place

SIZING: SM-3X, RG
ARC RATING: 4.6 cal/cm² | CAT 1 **MATERIAL:** 5.8 oz. FR Mesh
COMPLIANCE: NFPA 70E, ANSI/ISEA 107 Type R Class 2, ASTM F1506, CSA Z462, OSHA 1910.269

DRIFIRE® FR HI-VIS MESH CLASS 2 VEST

V00HA2V

FEATURES & BENEFITS:

- Featuring FR 3M™ Scotchlite™ Reflective Comfort Trim to enhance visibility in low-light conditions to keep workers safe
- Hook and loop closure for a simple, hassle free fit to keep the vest secured and in place
- Inner chest pocket provides a convenient, nearby storage option
- Mesh is crafted from a lightweight and breathable material to increase comfortability of the user

SIZING: SM-3X, RG
ARC RATING: 4.6 cal/cm² | CAT 1 **MATERIAL:** 5.8 oz. FR Mesh
COMPLIANCE: NFPA 70E, ANSI/ISEA 107 Type R Class 2, ASTM F1506, CSA Z462, OSHA 1910.269

DRIFIRE® FR ANTI-STAT HI-VIS MESH CLASS 2 VEST

VNT99509

FEATURES & BENEFITS:

- Designed with two inside pockets, a cellphone pocket, and a pencil slot to ensure essentials can be kept close at hand
- Dielectric zip front closure provides a safe and secure fit
- Silver FR reflective trim provides enhanced visibility in low-light and dark spaces
- Anti-Static mesh fabric is tested to Gas Probe Shirley Method 138:2000, EN 1149-3/2004 & EN 1149-5/2008

SIZING: SM-3X, RG
ARC RATING: 5.2 cal/cm² | CAT 1 **MATERIAL:** 6 oz. Anti-Stat FR Mesh
COMPLIANCE: NFPA 70E, ANSI/ISEA 107 Type R Class 2, ASTM F1506, CSA Z462, OSHA 1910.269

DRIFIRE® FR HI-VIS CLASS 2 VESTS

DRIFIRE® FR HI-VIS TWILL CONTRACTOR CLASS 2 VEST

V20TV2V

FEATURES & BENEFITS:

- FR silver reflective trim to provide enhanced visibility in low-light environments to further protect the wearer
- Hook and loop front closure to keep the garment securely shut
- Moisture wicking fabric keeps skin dry and provides additional comfort to increase focus to the task at hand
- Dual hazard certified to provide protection against both arc flash and flash fire hazards

SIZING: SM-3X, RG

ARC RATING: 8.9 cal/cm² | CAT 2 **MATERIAL:** 6.5 oz. Westex® DH

COMPLIANCE: NFPA 70E, NFPA 2112, ANSI/ISEA 107 Type R Class 2, ASTM F1506, CSA Z462, OSHA 1910.269

DRIFIRE® FR HI-VIS TWILL DELUXE CLASS 2 VEST

V21TV2Z

FEATURES & BENEFITS:

- Built with a cellphone pocket, pencil pocket, and two lower inside pockets to provide multiple convenient storage options
- Moisture wicking fabric helps repel sweat keep the wearer dry, comfortable, and focused on the task at hand
- Zip front closure and built in mic-clip help keep both the garment and tools secured
- FR silver reflective trim to provide enhanced visibility to protect workers from hazards while working in hard to see areas

SIZING: SM-3X, RG

COMPLIANCE: NFPA 70E, NFPA 2112, ANSI/ISEA 107 Type R Class 3, ASTM F1506, CSA Z462, OSHA 1910.269

DRIFIRE® FR HI-VIS ACCESSORIES

DRIFIRE® FR COOLING NECK SHADE

FRHVSHADE

FEATURES & BENEFITS:

- UPF 50+ is built into the fabric's fibers to help protect the neck and ears from the sun's harmful rays
- FR CONTROL™ technology works to regulate skin's temperature by +/- 3 degrees to actively help protect against heat stress hazards
- Quickly snaps around hard hat suspension to allow for easy attachment
- Wicks away sweat in areas where it touches the skin to provide evaporative cooling

SIZING: One Size Fits Most
ARC RATING: 13 cal/cm² | CAT 2 **MATERIAL:** 5.5 oz. FR CONTROL™ 2.0
COMPLIANCE: NFPA 70E, ASTM F1506, CSA Z462, OSHA 1910.269

DRIFIRE® HARD HAT SUNSHADE KIT

NEW

KITDFSUNSHD

FEATURES & BENEFITS:

- Sun shield is compatible with MSA V-Gard full brim hard hats (hard hat not included)
- Sun shield expands the hard hat's brim to provide additional UPF shielding to the user
- Transparent grey front section to provide the wearer with clearer upward vision
- DRIFIRE® Sun Shield is also available to be purchased separately

SIZING: One Size Fits Most
ARC RATING: Visor portion of the Sunshade Kit is only suitable for arc flash exposures below 8.5 cal/cm² | CAT 2
MATERIAL: 5.5 oz. FR CONTROL 2.0™/Polycarbonate

DRIFIRE® FR HI-VIS LEG GAITERS – CLASS E

L05TVCE

FEATURES & BENEFITS:

- Pair with any ANSI/ISEA 107 Type R Class 2 garment to turn it into a Class 3 ensemble
- Elastic band at the top and bottom allows for a more adjustable fit
- Hook and loop front close for an easy on/off
- Garment is lightweight and durable to provide protection that lasts

SIZING: One Size Fits Most
ARC RATING: 8.6 cal/cm² | CAT 2 **MATERIAL:** 7.5 oz. Hi-Vis Modacrylic Blend
COMPLIANCE: NFPA 70E, NFPA 2112, ANSI/ISEA 107 Class E, ASTM F1506, CSA Z462, OSHA 1910.269

DRIFIRE® FR DUOSTORM GEAR

DRIFIRE® FR DUOSTORM JACKET CLASS 3

FR2LG2-JACK-YN

FEATURES & BENEFITS:

- FR 3M™ Scotchlite™ Reflective Comfort Trim forms an X-back and is engineered to provide exceptional visibility in low-light and hazardous environments
- Hook and loop tabs positioned two inches above the wrist to allow for cuff size adjustment
- Jacket's angled hemline provides a tapered silhouette that helps reduce the risk of snagging, while a lowered designed collar minimizes skin irritation and chafing
- Removable hood that snaps on/off and features a hook and loop tab for adjusting how the hood fits on the head

SIZING: SM-3X, RG | MD-3X, TL
ARC RATING: 30 cal/cm² | CAT 3
MATERIAL: 7 oz. 2-Layer GORE-TEX PYRAD® Fabric
COMPLIANCE: ANSI/ISEA 107 Type R Class 3, ASTM F903, ASTM F1891, ASTM F2733, CSA Z96, CSA Z462, OSHA 1910.269

NEW

DRIFIRE® FR DUOSTORM BIB CLASS E

FR2LG2-BIB-YN

FEATURES & BENEFITS:

- 2-layer GORE-TEX PYRAD® fabric provides lightweight, breathable, and durable protection against elements such as rain and wind
- 25" side-seam leg zippers provide a generous leg opening, reducing the need to remove footwear and allowing for quick, convenient on/off
- High-waisted elastic back allows for greater range of motion by flexing with the wearer's movements while also improving fit when worn over layered garments
- Available in a convenient kit with the DRIFIRE® FR DuoStorm Jacket for a full solution storm protection system

SIZING: SM-3X, RG | MD-3X, TL
ARC RATING: 30 cal/cm² | CAT 3
MATERIAL: 7 oz. 2-Layer GORE-TEX PYRAD® Fabric
COMPLIANCE: ANSI/ISEA 107 Class E, ASTM F903, ASTM F1891, ASTM F2733, CSA Z96, CSA Z462, OSHA 1910.269

NEW

DRIFIRE® HYDROFLASH FR RAIN GEAR

DRIFIRE® HYDROFLASH™ HI-VIS FR RAIN JACKET CLASS 3

HYDROFLASHJ-Y

FEATURES & BENEFITS:

- Designed with the needs of oil and gas workers in mind
- Outer shell is 100% waterproof, windproof, and resistant to cold cracking to provide the ultimate protection against the elements
- Inner liner acts as a barrier to petroleum, oil-based mud, and hot liquids to offer further protection
- Angled side entry front pockets to offer easily accessible storage options

SIZING: SM-3X, RG
ARC RATING: 30 cal/cm² | CAT 3
MATERIAL: 6.8 oz. 2-Layer GORE-TEX PYRAD® Fabric
COMPLIANCE: ANSI/ISEA 107 Type R Class 3, ASTM F2733, ASTM F1891, ASTM F903, CSA Z96, CSA Z462, OSHA 1910.269
